

July 2016

All officers present at the July meeting.

Insurance news - landowner Gene Timmerman still does not have an insurance plan in place which will honor our insurance. However we are still working on achieving this goal. Phone calls and meetings are continually happening to get us back on the trails.

Please attend the August meeting Tuesday August 2nd 7:00pm at the Argenta firehouse. We will have the latest updates on the insurance situation along with nominations for officers for next year. We would like to have all present that can make it to so everyone has the same news as far as our future at Dirt Riders.
